

# HIGH LIVING COST NOT DUE TO TARIFF

(Continued From First Page.)

are an inspiration to the party he honored.

It expresses its belief in "four self-controlled, representative democracy, in which order is the prerequisite of progress."

## Ready to Solve Problems.

"The Republican party," it says, "is prepared to go forward with the solution of those new questions which social, economic and political development have brought to the forefront of the nation's interest. It will strive to enact the necessary legislation to safeguard the public health, to limit effectively the labor of women and children, to protect wage-earners engaged in dangerous occupations, to enact comprehensive and generous workmen's compensation laws, in place of the present wasteful and unjust system of employers' liability, and in all possible ways to satisfy the just demands of the people for the study and solution of the complex and constantly changing problems of social welfare."

"In dealing with these questions," says the platform, "it is important that the rights of every individual to the freest possible development of his own powers and resources and to the control of his own justly acquired property, as far as those are compatible with the rights of others, shall not be interfered with or destroyed."

The platform and integrity of the country, both State and Federal, must be upheld, the platform adds, but it declares in favor of "legislation to prevent delay and the tedious and costly appeal which have so often amounted to a denial of justice in civil cases and to a failure to protect the public at large in criminal cases."

It declares the recall of judges "unnecessary and unwise," yet favors "such action as may be necessary to simplify the process by which judges are elected, and to be deterred in his duty may be removed from office."

It favors the peaceful settlement of international disputes and the reference of controversies between nations to an international court of justice.

"The Republican party is opposed to special privilege and monopoly," says the platform, pointing to the enactment of the interstate commerce act and of the antitrust act. It favors the "enactment of legislation supplementary to the existing antitrust act which will define as criminal offenses those specific acts which uniformly mark attempts to rest in monopolies."

"Some of the existing import duties," it continues, "are too high and should be reduced. To accomplish this correct information is indispensable. This information can best be obtained by an expert commission, as the large volume of useful facts contained in the recent reports of the Tariff Board have demonstrated."

As to the high cost of living, the platform declares that the party will support a "prompt scientific inquiry into the causes which are operative, both in the United States and elsewhere, to increase the cost of living, and that when these facts are known the necessary steps will be taken to reduce high prices."

The platform declares for the progressive development of our banking and currency system.

"It is of great importance," it continues, "to the social and economic welfare of this country that its farmers have facilities for borrowing easily and cheaply the money they need to increase the productivity of their land. It is as important that financial machinery be provided to supply the demand of farmers for credit as it is that the banking and currency systems be reformed in the interest of general business. Therefore, we recommend the passage of State and Federal laws for the establishment and capable supervision of organizations having for their purpose the loaning of funds to farmers."

On Campaign Funds.

The platform would prohibit corporations from contributing to campaign funds; favors a continuance of

the present conservation policy and the establishment of a parcels post; approves the action of President Taft and of Congress in abrogating the treaty with Russia.

It declares for the maintenance of an adequate navy; for a strong American merchant marine; for a liberal and systematic policy for the improvement of rivers and harbors; for a liberal Federal contribution to the work of preventing further floods along the Mississippi, and for a continuance of the reclamation policy. It favors developing Alaska's resources and the leasing of the coal lands there "on such terms as will provide for the navy and the commerce of the country."

Laws to prevent the constantly growing evil of induced and undesirable immigration which is inimical to the progress and welfare of the United States are recommended.

Among Republican accomplishments mentioned are the Panama Canal, the Bureau of Mines, postal savings banks and the effort to secure greater economy and increased efficiency in the conduct of government business.

## Lee-Parran.

[Special to The Times-Dispatch.]

Rocky Mount, Va., June 22.—A marriage of much interest in Rocky Mount was celebrated at Baltimore 10 days when Lieutenant Robert Henry Lee, of this place, who was graduated last week from West Point Military Academy, took as his bride Miss Mabel Parran, of Baltimore, the ceremony being performed at the home of the bride in that city.

The honeymoon will be spent at Atlantic City and Blue Ridge Summit, before being assigned to duty. Lieutenant Lee will bring his bride to Rocky Mount, where he has made his home with his uncle Judge John P. Lee, since his tenth year.

Lieutenant Lee is a son of the late Henry Lee, whose father, Charles Lee, was the eldest son of "Light Horse" Harry Lee and Anne Carter, of Shirley. He graduated fourteenth in a class of ninety-six, which made him eligible to appointment in the engineer's branch of the service. He had lately attained his majority, and news of his marriage came last week as a surprise to his friends.

## ANSWER NOT READY TO FILE.

Hearing on Gonzales and Hemphill Motion Is Postponed.

[Special to The Times-Dispatch.]

Greensboro, N. C., June 22.—By agreement of counsel, the restraining order issued last Saturday upon petition of Ambrose E. Gonzales and Major J. C. Hemphill preventing the collection of certain notes held by D. A. Tompkins, George Stephens and W. H. Wood against Gonzales, was continued until the counsel for the defendants have time to prepare and file their pleadings. This must be done on or before the first Monday in August. Messrs. Gonzales and Hemphill also ask that a receiver be appointed to look after the assets of the Charlotte Observer Company since the alleged formation of a partnership between the plaintiffs and defendants.

## PASSENGER TRAIN DERAILED.

Causes Delay of Several Hours, but No One Is Injured.

[Special to The Times-Dispatch.]

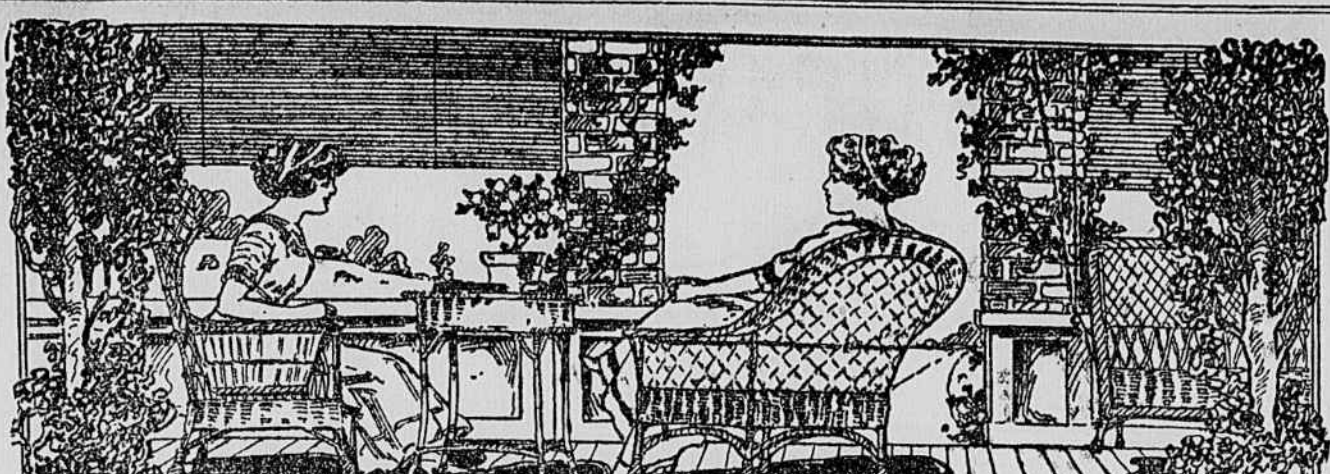

Newbern, N. C., June 22.—While speeding toward Newbern, this evening, on route from Norfolk, passenger train No. 1 of the Norfolk-Southern Railway Company, was derailed near Vanceboro, N. C., and was delayed for several hours. Just how the accident occurred could not be learned. The engineer stated that the first he knew of the accident was that the tender of the engine was seen to have jumped the track. He quickly put on the emergency brakes and brought the train to a standstill. But for this fact the loss of life could doubtless have been great, as the train at the time was over a dozen miles from Newbern. The train was due in Newbern shortly after 5 o'clock, and it did not arrive until about 9 o'clock.

## VICTORY FOR CREDITORS.

Merchant Ordered to Turn Over to Trustees Sum of \$3,000.

[Special to The Times-Dispatch.]

Hazleton, Va., June 22.—In the United States Court to-day Judge Edmund Waddell, Jr., entered an order requiring I. Kiser, of Newbern, N. C., and Hampton merchant, recently in the bankruptcy courts, to turn over to the trustees the sum of \$3,000. The court held that the bankrupt had failed to give the correct list of his assets at the time he filed the petition to be placed in voluntary bankruptcy. The court held the money must be produced by July 17. The decision is a victory for the creditors of Kiser.
